Meet Will Nance. He's ready to lead.

Will, his wife Penny and his two children.

Will has a lot in common with you.

Will has lived in Northern Virginia for 19 years along with his wife, Penny, and their 2 children. Will and Penny have a long history of involvement in national and local organizations working to strengthen our inner cities, promote leadership development, protect seniors, and foster adoption.

Will's experience includes working in the George HW Bush administration, Prison Fellowship Ministries and his current position as Executive Director of the Greenspring retirement community.

Will and Penny believe they have lived the American dream and passionately want to ensure that this dream is available to the next generation.

Will has the experience to be a leader in the State Senate.

Will Nance has an MBA and years of on-the-ground business experience. Will manages a staff of over 1,000 employees and understands how to balance a budget, provide quality services, drive for efficiencies, and create accountability. He understands that government can't create jobs – rather it can only provide the right environment for the private sector to create jobs. Will believes we need more business experience in Richmond and less lawyers and career politicians.

On The Issues

A Life-Long Republican

As a proud Republican, Will will stand up in Richmond to support the agenda of Bob McDonnell, Bill Bolling and Ken Cuccinelli.

Protecting the Second Amendment

The Second Amendment to the U.S. Constitution states that law-abiding citizens have the right to own a firearm, and Will believes that it is an individual right worth protecting.

Fighting Against Tax Increases

Will will vote against new taxes, and work to find efficiencies, eliminate fraud, cut waste and hold our government accountable for results.

Educating our Children

Will believes that more dollars should go to the classroom and fewer dollars spent for bloated bureaucracies and that universities must become more accessible to our own in-state students.

Protecting Life

Will believes that a fundamental responsibility of government is to protect the weakest in society. He will fight to protect the right to life for all people from conception to natural death.
