

SUPERVISOR PAT HERRITY'S

Nothing-But-The-Truth Squad

Release: Version 5.0

Pat's Missed Votes/Inexperience

Rating: Gross Distortion

Supervisor Bulova's Gross Distortion: According to Bulova's latest mailer, Pat Herryty has missed votes on the Board of Supervisors and is too inexperienced to get things done.

The Truth: Per the official minutes of the Board of Supervisors, Pat has never missed a Board of Supervisors meeting while in office and cast more votes in the last year than several other Supervisors, including then Chairman of the Board Gerry Connolly.

Pat has been recognized by independent sources as a "very effective Supervisor", and has over 20 years of business experience as an award-winning Chief Financial Officer.

Discussion of the Facts:

In just one year on the Board of Supervisors, Pat has many impressive accomplishments under his belt, including:

- Led the effort for short-term and long-term transportation solutions in the I-66 corridor and Fairfax County Parkway.
- Obtained unanimous support from the Board for a budget transparency measure.
- Led the fight to defeat the first attempt to build a \$130 million luxurious school administration building.
- Was the first Supervisor to testify at a School Board Capital Investment Program public hearing in his on-going efforts to renovate West Springfield High School and our other aging classrooms
- Worked with School Board members and other Supervisors in the successful effort to build South County Middle School.
- Introduced a complete alternative budget last year that included an actual tax cut.
- See www.patherrity.com for many more accomplishments

For his efforts, Pat was recognized by the *South County Chronicle* as a "very effective Supervisor".

In her mailings Supervisor Bulova quotes a 2007 Washington Post article from before Pat became a Supervisor as support for his inexperience. Supervisor Bulova has made approximately 100% of the Budget Committee meetings and:

- Your taxes have doubled
- We have a \$650 Million shortfall
- The shortfall is larger than the shortfalls of Alexandria, Arlington, Loudoun, Prince William and the District of Columbia COMBINED!

About the Truth Squad: Rather than give her vision for Fairfax County, Pat's opponent has resorted to lies and distortions of the truth. Truth Squad releases set the record straight. See www.patherrity.com for more information.
